PROFILE

Mobile App Developer with 2 years of hands-on experience in building cross-platform mobile applications. Proficient in JavaScript, Dart, React Native, Flutter, and integrating RESTful APIs. Skilled in implementing clean UI/UX designs, debugging, and optimizing performance. Passionate about learning new technologies and delivering high-quality mobile solutions.

WORK EXPERIENCE

2024- Present

Virtue Xolutions

React Native Developer

- Developed and delivered 10+ cross-platform mobile apps using React Native for Android and iOS.
- Integrated real-time chat, audio/video calling, live streaming (Agora SDK), and push notifications using Firebase Cloud Messaging.
- Converted Figma designs into pixel-perfect, responsive UIs in collaboration with designers.
- Worked closely with backend teams to integrate REST APIs and contribute in Agile sprints.

2025 - Present

Freelance

Flutter Developer

- Worked on healthcare and business apps with a focus on smooth user flows and stability.
- Integrated REST APIs and Firebase features such as authentication and notifications.
- Built responsive and user-friendly interfaces for different screen sizes.
- Fixed bugs, improved app performance, and handled regular updates.
- Implemented Flutter UI using Material and Cupertino components for platform consistency..
